We've seen a big jump in people following us on Facebook, but the frustrating thing about that platform is that updates only go to a small percentage of the people who "Like" you...unless you buy an ad. The BAA has posted 10 updates in November, and have "boosted" them so more of you will see them. If you haven't seen many of them even though you've Liked our page, then you can go to our page, click on the "LIKED" button and select "Get Notifications." That way, if we post something and it does not show up in your News Feed, you will receive a notification. [And if you haven't Liked our page yet](#), isn't this a perfect time to go do that?

You can submit obituaries, alumni news, class notes or other information that we can publish in this twice-monthly newsletter to either BaylorLine@BaylorAlumniAssociation.com or by using [this link](#) to our story ideas page. In most cases, we'll save the photos you send for use in the Baylor Line. We'd also appreciate ideas for Line Notes blog posts through either of these channels. Thanks.
